

# Pressure reducer (Argon)

2-1.259

## APPLICATION

Essential for gas-shielded welding, allowing optimal adjustment of the required amount of argon.

## TECHNICAL DATA

Adjustable flow range of 0-5 l/min. Equipped with a quick-connect fitting for the regulator-laser hose.

Single-stage.

Regulator-cylinder thread - **W21.8/1/14 RH**

## VARIANTS

-

## OPTIONAL ADDITIONAL COMPONENTS (Not included in the set)

-

## APPLICATION

All LaserPoint and OR-Laser welding systems

## SPARE PARTS

-

## PACKAGE CONTENTS

Gas valve, 2m connection hose (regulator-laser)

## ADDITIONAL INFORMATION

2-1.259 - Tariff code 8481109990; Country of Origin: CZ

## WARRANTY CONDITIONS

12 months from the date of purchase.
